

## NEIGHBOUR GRANTS PROGRAM: OUTCOME EVALUATION

Please rate each of the benefits as

0	1	2	3
Not Applicable	Minimal	Average	Strong

<b>Benefits to Community</b>	<b>Rating</b>	<b>Comments/Example</b>
The project helped to bring people together in our neighbourhood – provided focal point for action		
More people got involved – including those who are not usually involved in community activities		
Because of the project people feel more sense of community or belonging in this neighbourhood		
The project provided skill building opportunities for people in the community		
The project increased our ability to plan and implement community initiatives		
The project increased our ability/opportunity for independent action (self help) within the neighbourhood		
The project gave people an opportunity to develop or practice leadership skills		
The project helped to strengthen our networks: - between neighbourhoods or linkages with outside organizations		
The project increased resources within community - equipment or physical resources - volunteers     - in-kind contributions - additional financial resources		
The project resulted in neighbourhood improvements or enhanced physical spaces - physical improvements - new social activities/programs established - safety initiatives		
People have an increased awareness of community issues and/or community assets		
Other Community Benefits (describe)
